Summary:

El had been happy with Will, living a normal and simple life, until a decision she made changes everything...

I'm Pregnant

El held the test in her hands, eyes wide in a mix of emotions. She was only 17, how was she supposed to deal with this? Will walked in, an anxious look on his face, and she held the test up for him to see. She noticed his brow furrowed, before he smiled jubilantly.

“You’re pregnant? That’s wonderful!” He said excitedly, kneeling down to wrap her up in his arms. She shakily smiled, slowly wrapping her own arms around him. Pregnant... but they hadn’t had sex in a long time, the odds of Will being the father... and considering what had happened a month ago...

Right now, she needed to calm down, and be happy, at least for Will’s sake. He was her boyfriend, and someone she genuinely liked, so even if she was doing her best not to fall apart, she would smile and pretend everything was alright, for his sake.

A few days later saw her standing in front of the actual father’s door, hesitating to knock on the door, and tell him the news. He wouldn’t ever have to know, if she turned around and just pretended this was Will’s child. The door opened, taking the choice away from her.

“El?” Mike asked, looking in concern as she tried to hide her tear stained face. She looked up at him, before throwing herself into his arms. He hugged her, just whispering comforting words to her, doing his best to be there for her. He’d always loved her, still did, but she was happy with Will. even if she came to him for some sex awhile ago.

He sat her on his couch, getting her some water, which she gratefully

took. Mike just sat beside her, waiting for her to begin, if she wanted to talk about what was bothering her. She shot him a shaky smile, before breathing a heavy sigh.

“Mike... I’ve been thinking.” El started, before pausing to gather her thoughts. Mike waited in a tense silence, wondering what she was going to tell him. She cleared her throat, before looking at him, and he felt his heart skip a beat. The look in her eyes, it was...

He blinked, and suddenly he was being kissed. He immediately kissed back, resting his hands on her hips, closing his eyes to better enjoy the moment. He felt a modicum of guilt, Will was supposed to be his best friend, but he couldn’t deny how much he loved El.

“Mike, I love you.” She said suddenly, and Mike nearly choked on his own breath. Did...did he hear that right? Did El really just say that? He pinched himself on the arm, and the pain confirmed that this was real.

“I care about Will, I do, but I can’t be with him. Ever since that night, I haven’t stopped thinking about you. You’ve always been so good to me...” She said, tears in her eyes, and Mike could barely stop himself from crying.

“I love you too.” He said joyfully, pulling her in for a hug. They stayed like that for a moment, before El pulled away, still looking nervous. Mike furrowed his brow, there was still more?

“Mike, I’m pregnant. It’s yours.” She said all in one breath, but Mike heard her VERY clearly. He sat in shock, mind going into overdrive,

before he calmed himself down somewhat.

“Is this something you want, with me?” He asked, holding his breath in anticipation. They were young, but he would do his best for his family, for El and their unborn child. El seemed to think, far longer than he was comfortable with, before smiling at him.

“Yes.” El spoke, before pulling him in for a searing kiss. Their hands started roaming their bodies, moaning into each other’s mouths. They tore each other’s clothes off, Mike roughly grabbing her breasts.

“Ahn!” El moaned, writhing beneath Mike, just like she did all that time ago. God, he couldn’t hold himself back, lining his dick up at her entrance, before thrusting in as hard as he could.

“Oh, FUCK!” She yelled out, eyes rolling into the back of her head. God, she loved it, loved when Mike practically took advantage of her. She thrusted against him, she could feel she was close, she wanted to cum with him.

Mike thrusted as far as he could go, filling her pregnant womb with his seed, and felt her cum as well, body spasming from the pleasure. They came together, they moaned together, and they passed out together, the events of the day *completely* wiping them out.

Later, she would break up with Will, who had tried to hit her in anger. Thankfully Mike had been there, and he beat the crap out of him. Mike was her knight in shining armor, her one true love, and she had been stupid to ever believe otherwise.
